

SEWING ON BUTTONS by DAZZLE IMAGE CONSULTING

Step 1

Thread needle. Knot two ends.
From the back of the fabric,
put needle through fabric, and one
of the button holes, to the front.

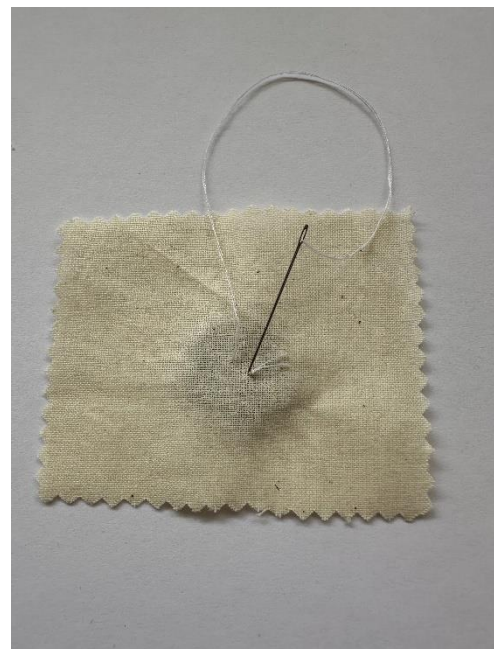

Step 2

Pull needle through, as far as it can.

Step 3

Put the needle through the
Second button hole and pull
through to the back.

Step 4

View from the back. Put the needle
back through the same first hole and
push through to the front of the fabric.

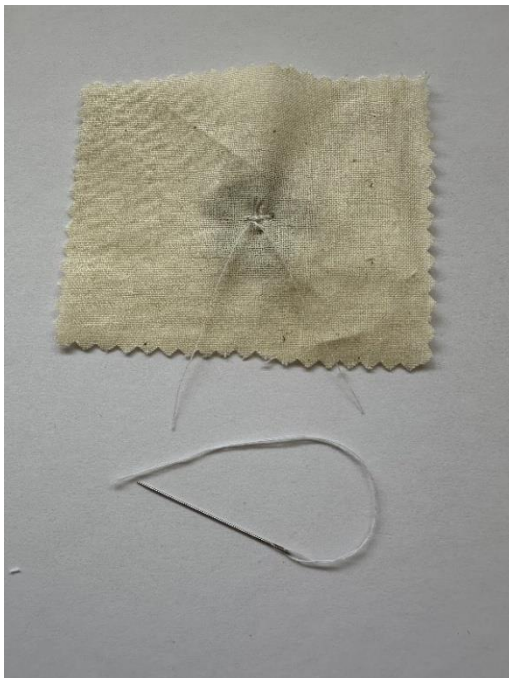

Step 5

From the front. Place needle back through the second hole. Push through to the back.

Step 6

Repeat as many times as needed to secure button. Leave long threads and trim off.

Step 7

Using the cut threads, tie a knot twice.

Step 8

Trim threads back, without cutting knot.
